  CGPA : 7.74

Skills

- HTML, CSS, Javascript, SQL, React JS, Express JS, Node JS, PHP, MongoDB
- Problem Solving Skills, Team Work, Leadership

Intership

- **Grownited Private Limited**
  During my 3-month MERN STACK internship at Grownited Private Limited, I successfully delivered the "Local Service" project, enhancing my skills in MongoDB, Express.js, React.js, and Node.js while gaining practical experience in full-stack development and project management.
- **CreArt Solutions**
  During my 15-day summer internship at CreART Solutions, I focused on Python with Django and successfully delivered the "Notice Hub" project. This experience strengthened my Django skills and provided practical insight into web development and project execution within a short timeframe.

Projects

- **Notice Hub**
  Notice Hub is a web application by which admin can post the notice of fees, circular or activities and student can view all the notice. It is Developed using Python D'jango.
- **Local Service**
  Local service is to meet the specific needs of the community or area it serves. The service provider adds the service which is book by user. The project is developed in MERN STACK.
